FOREIGNERS AT CIUDAD BOLIVAR
REFUSE TO MAKE REPAY-
MENT OF TAXES.

IGNORED CASTRO'S DECREE

VENEZUELAN GUNBOAT EXACTS
IMMENSE FORCED CONTRIBU-
TIONS AND FINES.

Port of Spain, Trinidad, Aug. 12.—Authentic information was received Tuesday announcing the imprisonment of French, German and Italian merchants at Ciudad Bolivar, Venezuela, (which port was recently recaptured from the rebels by President Castro's troops) for refusing President Castro's demand for the repayment of taxes, already paid to the de facto government. President Castro demands the payment of arrears for the period of occupation of Ciudad Bolivar by the revolutionary government. The amount demanded exceeds \$65,000. The merchants refused to recognize President Castro's decree abolishing Ciudad Bolivar as a port of entry and declined to ship goods via Carupano. The Venezuelan gunboat Miranda went to the district of Nutrias, exacting from the merchants forced contributions and fines amounting to another \$50,000. The goods imported during the revolutionary regime were confiscated and double duties were imposed. It is reported that President Castro has threatened to annihilate the commerce and expel the foreign community of Guayana, on the Orinoco. A reign of terror prevails throughout the district owing to the extortion, threats and barbarities of the party in power. The entire region of the Orinoco teems with produce accumulated during the past two years for which there are no adequate shipping facilities. The native and German firms at Caracas appear to be seeking to control the entire Orinoco import trade. There is no money in the Orinoco country and the distress is very great. All the American river boats and interests up the Orinoco are at a standstill, being unable to move in consequence of President Castro's determination to destroy the transshipment trade in American and European goods between Trinidad and the Orinoco river country.

SLAIN BY FORMER EMPLOYEE.
Millionaire Manufacturer of Oshkosh, Wis., Killed by Discharged Mar.
Oshkosh, Wis., Aug. 19.—Thomas R. Morgan, the millionaire sash and door manufacturer, was shot to death during the day by Frederick Hampel, a discharged employee. Three shots were fired, each bullet imbedding itself in Mr. Morgan's body. Hampel was overpowered and hurried off to jail. The wounded man was hurried to St. Mary's hospital, but died before he reached there. The excitement about the big Morgan sash and door plant was intense and the news quickly spread over the city. Mr. Morgan went to his office in the morning as usual and about 10 o'clock was about the grounds. Hampel was not noticed by the manufacturer, but had been seen in the vicinity of the factory and by some, it is said, was under the influence of liquor. The shots were fired from behind, each entering the victim's back. At noon it was discovered that Hampel, the assassin, had hanged himself in his cell at the police station. The shooting was witnessed by several people.

Big Strike Called Off.
Holyoke, Mass., Aug. 19.—The big strike of the Holyoke papermakers, which has been on since June 15, came to an end last night, when Eagle Lodge of the International Brotherhood of Papermakers voted to return to work Thursday morning and declare the strike off. Over 2,500 men and women will be affected.

CHRISTIANS TERRORIZED.

Afraid to Leave Their Houses at the Town of Uskub.

Sofia, Bulgaria, Aug. 19.—A reign of terror is reported at Uskub, where the Christian inhabitants are afraid to leave their houses. The wali has issued the strictest orders to the Mussulman population to remain quiet and not molest Christian neighbors; but the Mussulmans, meeting in the mosques, have resolved at a given signal to massacre the whole Christian population, immediately the first insurgent band appears near Uskub, or upon any other pretext. The Christians are terrorized.

The Turkish troops, who are their only protection, do not show the slightest disposition to aid them. The attitude of the Turkish troops was recently plainly manifested when a trainload of soldiers shortly after leaving Uskub fired on the Bulgarian workmen who were repairing the track. Three of the workmen were killed and their bodies left lying on the line.

A fierce battle is reported to have occurred in the neighborhood of Monastir.

Three Turkish battalions attacked a thousand insurgents and after the fight had raged for six hours the Turks were repulsed with the loss of 210 killed or wounded. The insurgent loss is not given.

Telegraphic communication between Sofia and Constantinople is interrupted, the wires having been cut between Adrianople and Constantinople. No telegrams from Constantinople have been received here since 6 o'clock Monday evening. The Turkish officials at Adrianople refuse to state where the break occurred. Fears are expressed here regarding the safety of the railroad between Constantinople and Adrianople.

The Bulgarian government does not wish to enter upon an hostile movement against Turkey as it does not wish to lose the support of Russia. It hopes however, that public opinion will force the government to help Bulgaria against Turkey and the dispatch of a Russian fleet to Turkish waters encourages the Bulgarian government in this view.

OFFICIALS IN DESPAIR.

Macedonian Rising Taxes the Patience of the Turks.

London, Aug. 19.—A Constantinople dispatch to the Daily Chronicle dated Aug. 14, describes the Turkish officials as in despair at the rising in Macedonia. The railways were busy all that night conveying troops and stores to the disaffected area.

War with Bulgaria was believed to be imminent and the militarymen were impatiently awaiting the opening of hostilities to end the suspense which was taxing the patience and discipline of the troops to the utmost.

According to a report from Uskub, Michaelivski, the Bulgarian leader, was killed in the fighting at Krushevo, while Boris Sarafoff, the noted insurgent chief, has been surrounded at Prassbalkan, in the southern part of the Monastir vilayet.

The night train service between Salonica and the Serbian frontier has been suspended.

Forty-three battalions of Turkish reserves in Europe have been called out.

Torpedo Boat Destroyer a Success.

Newport, R. I., Aug. 19.—It was demonstrated Tuesday to the satisfaction of the government officials that the torpedo boat destroyer Hull is a success from every standpoint, and the trial board has decided to recommend that she be accepted by the government. She not only maintained her contract speed of twenty-eight knots an hour, but at times made twenty-nine knots and over.

Business Section Burned.

Shubert, Neb., Aug. 19.—Fire which started from an exploding lamp in the Palace hotel last evening destroyed the hotel and most of the business section of the town. Loss, \$40,000.

After Steel and Iron Factories.

London, Aug. 19.—The Hague correspondent of the Daily Telegraph reports that negotiations have been opened by an American combine with a view to acquiring the great steel and iron factories recently built at Terneuzen, near the Belgian frontier.

BOATS ARE MEASURED

RELIANCE MUST ALLOW SHAM-
ROCK A MINUTE AND FORTY-
FIVE SECONDS.

EXPRESS LITTLE SURPRISE

EXPERTS HAD BELIEVED AMER-
ICAN YACHT THE LARGER
ALL AROUND.

New York, Aug. 19.—Reliance and Shamrock III were measured Tuesday in the Erie basin by C. E. Mower, official measurer of the New York Yacht club. It was announced at night that Reliance would allow the challenger a minute and 45 seconds over a thirty-mile course.

It was found that Shamrock III was slightly longer on the water line than the American boat, but the latter proved to have nearly 2,000 more square feet of sail area than the challenger and it was this that taxed the American boat so heavily in the matter of time allowance.

The announcement of time allowance in favor of the challenger caused little surprise at the yacht club, as it was the very general belief that the Reliance would prove considerably larger all around than her opponent. The following are the official figures, those of the Reliance being first and the Shamrock last:

Water line, 89.66 feet, 89.81 feet; base line, 201.75, 187.54; forefoot of mast, 84.29, 81.40; spinnaker boom, 53.75, 51.40; main gaff, 71.90, 65.75; topmast, 72.00, 69.15; sail area, 16,169.93 square feet, 14,337.45 square feet; sailing length, 108.41 feet, 104.77 feet; men on board, 64, 56.

Reliance and Shamrock III swing at their moorings inside Sandy Hook, ready for the international contest for the America's cup, the first race of which will be sailed on Thursday. The cleaning of the underbodies of both was completed Tuesday morning, and Charles D. Mower, the official measurer of the New York Yacht club, measured both boats. As one result eight inches of the end of the spinnaker boom of Shamrock III was sawed off, owing to the fact that it was estimated to be that much longer than the base of the forward triangle, which covers the headsails of the yacht, which would mean penalization, if allowed to stand. Sir Thomas Lipton, Mr. Iselin, Designer Herreshoff and Designer Fife were interested spectators of the work of Mr. Mower.

IN HONOR OF THE VETERANS.

Splendid Parade of Allied Organizations in San Francisco.

San Francisco, Aug. 19.—Seldom has a finer parade been witnessed in San Francisco than that which did honor to the G. A. R. Tuesday. The veterans were not in line, their parade being scheduled for today, but many allied organizations participated, chief among them being the naval reserves, the veterans of the Spanish war and the national guard of California. The national guard was well represented. The German societies of the city, including Amateur Athletics and children from the various Turner schools, made a splendid showing, as also did the League of Cadets.

Generals Miles and Shafter were greeted with cheers along the line of march, which included the city's chief thoroughfares.

At night Mechanics pavilion was crowded to the doors by the G. A. R. men, their wives, and friends, the occasion being an informal reception to General Stewart, commander-in-chief.

Open house was kept by the departments of Ohio and Illinois at the Palace hotel. The city was again illuminated at night.

General Miles has announced that he will not oppose General John C. Black's candidacy for commander-in-chief of the G. A. R. and the Illinois man will probably be elected by acclamation.

FOR ROBBING FREIGHT CARS.

Three Men Arrested at Fargo, N. D., Released for Lack of Evidence.

Fargo, N. D., Aug. 19.—Detective Walsh of the Great Northern railway arrested three men named Barnett, Harris and Hubbard for robbing Great Northern freight cars at Casselton. The prisoners were taken before a justice here, but the state had no evidence on which to hold them. Hubbard was rearrested by Walsh for a big robbery at Ashland, Wis., and was recognized as a professional crook, having served terms in Minnesota and other state prisons. His real name is Charles Williamson of Pine Bluff, Ark., and he is also known as Whalen and Lowery. He broke jail from Ashland, Wis.

OUTLOOK IS DARK.

Servia Appears to Be Drifting Into Anarchy.

London, Aug. 19.—The Times correspondent at Belgrade telegraphs that the result of the recent ministerial crisis has shown how completely king Peter is in the hands of the military camarilla which enthroned him. The coming elections will undoubtedly result in an overwhelming Radical victory. The conflict between the Radicals and the army will then become acute.

The outlook, concludes the correspondent, is dark and the country seems to be drifting into anarchy.

TRANSMISSISSIPPI CONGRESS.

Seattle Meeting Promises to Be the Largest in Its History.

Seattle, Wash., Aug. 19.—The fourteenth annual session of the Transmississippi congress opened in Seattle Tuesday under the most favorable auspices, and the leaders say the meeting promises to be the most productive and largest since the organization of the congress. The session was occupied largely with the reading of papers and the discussion of the various ideas which they called forth. One of the most striking addresses of the day was that of F. B. Thurber, president of the United States Export association. He supported the protective idea of President McKinley and urged the necessity of wider markets. He declared that the great theater of commercial activity in the future is destined to be the Orient, and spoke of transportation as one of the pressing problems. He said that the organization of trusts is the inevitable result of development, and that their present evils will in time be righted by the same growth.

United States Senator Reed Smoot of Utah was among the speakers. The session of the congress will continue for three days. The question of the consolidation of the Transmississippi congress with the National Irrigation association, which has been proposed, will probably be discussed today.

Thomas Richardson of New Orleans read the annual address of President Kirby, who had been called to New York on important business.

W. R. Richardson spoke on "Good Roads," and Thomas Richardson spoke on "Immigration and Its Distribution."

WILL CALL EXTRA SESSION.

North Dakota's Governor Wants Bond Matter Settled.

Bismarck, N. D., Aug. 19.—Governor White will call a special session of the legislature in September to take action toward relieving the emergency existing in the state educational institutions because of the invalidating by the supreme court of \$750,000 of bonds issued by the last legislature. The governor will make a trip through the state to ascertain the needs of the different institutions before issuing a call for a special session.

There is \$100,000 in the general fund that can be appropriated to the institutions without hampering the state administration and an additional \$150,000 will be available next March. The governor believes this is the best way out of the difficulties of the institutions. A session of three or four days will dispose of all the necessary business.

MORE HOPEFUL FEELING.

Colombians Look for Resumption of Canal Treaty Negotiations.

Colon, Aug. 19.—The statement made in a dispatch from Foreign Minister Rico to Senator Herran, the Colombian minister at Washington, announcing the rejection of the canal treaty, and which was published here Tuesday to the effect that the Colombian congress may probably furnish a basis for a resumption of negotiations with the United States government, has caused a more hopeful feeling in some quarters, with regard to the ultimate fate of the tragedy. The whole isthmus is anxiously awaiting the future action of the United States.

CONVICT SHOT TO DEATH.

Made a Desperate Attempt to Break Out of Prison.

Rawlins, Wyo., Aug. 19.—James Williams, a convict, was shot to death in his cell in the state penitentiary Tuesday by Ernest Goodsell, turnkey. Reaching through the bars, Williams seized Goodsell and wrenched his keys from his hand. After a struggle, Goodsell succeeded in drawing his revolver and shot the convict through the head. Williams, who was serving a sentence for grand larceny, escaped from the prison June 5, last, but was recaptured.

WILL NOT BE PRESENT.

President Intended to View Thursday's Yacht Race.

Oyster Bay, L. I., Aug. 19.—President Roosevelt passed the day quietly at Sagamore Hill. No formal visitors were received.

It has been announced that the president will not attend the first of the international yacht races Thursday. It had been his intention to witness the race from the Mayflower, but circumstances render it impracticable for him to leave here at that time.

TO COST \$50,000,000.

Work on New York Central Terminals Commenced.

New York, Aug. 19.—Work has been started on the extensive New York Central terminal improvements in this city. About \$50,000,000 will be expended. The improvements involve the largest individual housewrecking contract ever given in this city. About 120 houses, three churches, two hospitals, storage houses and stables will be pulled down.

MURDERED AND MUTILATED.

Four-Year-Old Detroit Boy Victim of Brutal Fiend.

Detroit, Aug. 19.—The mutilated body of four-year-old Alphonse Wilmes was found during the day in the rear of the Michigan stove works, wedged between two molding boxes. The hands were tied behind with wire and a handkerchief had been stuffed down the boy's throat. The body was partly stripped of clothing. The abdomen was stripped open and the left wrist was nearly severed. The thighs also had long cuts in them. Alphonse had been missing from his home since Monday noon.

NEBRASKA REPUBLICANS.

John W. Webster Their Choice for Vice President.

Lincoln, Neb., Aug. 19.—The Republican state convention nominated for associate justice of the supreme court, John B. Barnes of Madison county, and for regents of the state university, Charles S. Allen of Lancaster and W. G. Whitmore of Douglas.

The convention was entirely harmonious. Beginning at 2 o'clock in the afternoon the convention transacted its business and was ready to adjourn three hours later.

President Roosevelt received the heartiest commendation and a declaration was made for his renomination.

The unexpected feature of the convention was the adoption by unanimous vote of a resolution declaring

John L. Webster of Omaha, one of the delegates to the convention and one of the well known party leaders of the state, to be the choice of Nebraska for vice president in 1904. Mr. Webster expressed his thanks for the honor in a speech of considerable length.

The report from the committee on resolutions was adopted without a change.

The platform begins with congratulations on the overthrow of Bryanism in the home of its nativity and upholds the policy of the Republican party in general.

Cabinet Council Convened.

London, Aug. 19.—It is announced that a cabinet council has been convened for the unusually early date of Oct. 5, presumably to decide the attitude of the government regarding the fiscal policy.

Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

THERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives

Mrs. Laura S. Webb.

the change of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time."

Wine of Cardui is the remedy to re-inforce a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

"As I had always been troubled more or less at the menstrual period, I dreaded

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

TRANSMISSISSIPPI CONGRESS.

Seattle Meeting Promises to Be the Largest in Its History.

Seattle, Wash., Aug. 19.—The fourteenth annual session of the Transmississippi congress opened in Seattle Tuesday under the most favorable auspices, and the leaders say the meeting promises to be the most productive and largest since the organization of the congress. The session was occupied largely with the reading of papers and the discussion of the various ideas which they called forth. One of the most striking addresses of the day was that of F. B. Thurber, president of the United States Export association. He supported the protective idea of President McKinley and urged the necessity of wider markets. He declared that the great theater of commercial activity in the future is destined to be the Orient, and spoke of transportation as one of the pressing problems. He said that the organization of trusts is the inevitable result of development, and that their present evils will in time be righted by the same growth.

United States Senator Reed Smoot of Utah was among the speakers. The session of the congress will continue for three days. The question of the consolidation of the Transmississippi congress with the National Irrigation association, which has been proposed, will probably be discussed today.

Thomas Richardson of New Orleans read the annual address of President Kirby, who had been called to New York on important business.

W. R. Richardson spoke on "Good Roads," and Thomas Richardson spoke on "Immigration and Its Distribution."

WILL CALL EXTRA SESSION.

North Dakota's Governor Wants Bond Matter Settled.

Bismarck, N. D., Aug. 19.—Governor White will call a special session of the legislature in September to take action toward relieving the emergency existing in the state educational institutions because of the invalidating by the supreme court of \$750,000 of bonds issued by the last legislature. The governor will make a trip through the state to ascertain the needs of the different institutions before issuing a call for a special session.

There is \$100,000 in the general fund that can be appropriated to the institutions without hampering the state administration and an additional \$150,000 will be available next March. The governor believes this is the best way out of the difficulties of the institutions. A session of three or four days will dispose of all the necessary business.

MORE HOPEFUL FEELING.

Colombians Look for Resumption of Canal Treaty Negotiations.

Colon, Aug. 19.—The statement made in a dispatch from Foreign Minister Rico to Senor Herran, the Colombian minister at Washington, announcing the rejection of the canal treaty, and which was published here Tuesday to the effect that the Colombian congress may probably furnish a basis for a resumption of negotiations with the United States government, has caused a more hopeful feeling in some quarters, with regard to the ultimate fate of the tragedy. The whole isthmus is anxiously awaiting the future action of the United States.

CONVICT SHOT TO DEATH.

Made a Desperate Attempt to Break Out of Prison.

Rawlins, Wyo., Aug. 19.—James Williams, a convict, was shot to death in his cell in the state penitentiary Tuesday by Ernest Goodsell, turnkey. Reaching through the bars, Williams seized Goodsell and wrenched his keys from his hand. After a struggle, Goodsell succeeded in drawing his revolver and shot the convict through the head. Williams, who was serving a sentence for grand larceny, escaped from the prison June 5, last, but was recaptured.

WILL NOT BE PRESENT.

President Intended to View Thursday's Yacht Race.

Oyster Bay, L. I., Aug. 19.—President Roosevelt passed the day quietly at Sagamore Hill. No formal visitors were received.

It has been announced that the president will not attend the first of the international yacht races Thursday. It had been his intention to witness the race from the Mayflower, but circumstances render it impracticable for him to leave here at that time.

TO COST \$50,000,000.

Work on New York Central Terminal Commenced.

New York, Aug. 19.—Work has been started on the extensive New York Central terminal improvements in this city. About \$50,000,000 will be expended. The improvements involve the largest individual housewrecking contract ever given in this city. About 120 houses, three churches, two hospitals, storage houses and stables will be pulled down.

MURDERED AND MUTILATED.

Four-Year-Old Detroit Boy Victim of Brutal Fiend.

Detroit, Aug. 19.—The mutilated body of four-year-old Alphonse Wilmes was found during the day in the rear of the Michigan stove works, wedged between two molding boxes. The hands were tied behind with wire and a handkerchief had been stuffed down the boy's throat. The body was partly stripped of clothing. The abdomen was nearly severed. The thighs also had long cuts in them. Alphonse had been missing from his home since Monday noon.

NEBRASKA REPUBLICANS.

John W. Webster Their Choice for Vice President.

Lincoln, Neb., Aug. 19.—The Republican state convention nominated for associate justice of the supreme court, John B. Barnes of Madison county, and for regents of the state university, Charles S. Allen of Lancaster and W. G. Whitmore of Douglas.

The convention was entirely harmonious. Beginning at 2 o'clock in the afternoon the convention transacted its business and was ready to adjourn three hours later.

President Roosevelt received the heartfelt commendation and a declaration was made for his renomination.

The unexpected feature of the convention was the adoption by unanimous vote of a resolution declaring

John L. Webster of Omaha, one of the delegates to the convention and one of the well known party leaders of the state, to be the choice of Nebraska for vice president in 1904. Mr. Webster expressed his thanks for the honor in a speech of considerable length.

The report from the committee on resolutions was adopted without a change.

The platform begins with congratulations on the overthrow of Bryanism in the home of its nativity and upholds the policy of the Republican party in general.

Cabinet Council Convened.

London, Aug. 19.—It is announced that a cabinet council has been convened for the unusually early date of Oct. 5, presumably to decide the attitude of the government regarding the fiscal policy.

Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

THERE ARE MANY

sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live on in happiness, years after she has passed 60. This is truly a critical time.

Mrs. Laura S. Webb, of Toledo, Ohio, recognizes the change of life as a dangerous period and she also has faith in Wine of Cardui. She writes:

"As I had always been troubled more or less at the menstrual period, I decided

Mrs. Laura S. Webb.

the change of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live on in happiness, years after she has passed 60. This is truly a critical time.

until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time."

Wine of Cardui is the remedy to re-inforce a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

Fair tonight and Thursday.

It is reported that the ice men of Minneapolis held a picnic yesterday. It was generally supposed that the ice man's life was one continual picnic.

Three days has passed and no new man has been named as a candidate for the governorship on the republican ticket although the election is but a year and three months off.

The deputy game wardens of the state have presented their chief, Sam Fullerton, with a \$400 shot gun and a \$125 real alligator case to carry it in. Sam certainly is a favorite with his deputies.

The Cass Lake land office hearing has been set for August 31 and the decision will be final. The office is pretty certain to stay where it is and a Washington correspondent very aptly says, Congressman Buckman had the plum in his pocket before Congressman Steenerson began shaking the tree.

At the national association of charities and corrections held at Atlanta, Georgia, Mrs. Francis Curtis made the statement that the women of this country were responsible for the tramp nuisance for they would persist in giving them something to eat. If this is true they will have something to answer for.

TAMM BIXBY will now get busy in attending to his interests in the Indian Territory. Some writer from Oklahoma has the audacity to intimate that our Tamm has been interested in robbing the Indians of their lands and this when he was dividing his time between Washington and Minnesota trying to have the government move the land office from Cass Lake to Bemidji—which townspeople own—for the good of the people, not including himself. Bixby denies any connection with the land frauds and his friends are willing to accept his statement.

LOCAL NEWS NOTES.

Miss Weaver went to Staples this afternoon for a visit.

Mrs. W. R. Hawkins returned from the west this afternoon.

H. P. Dunn went out to the lakes this morning to spend the day.

Col. Geary returned to his home in Fargo this afternoon on No. 5.

Attorney J. S. Scribner returned to his home in Backus this morning.

The A. O. H. has paid the \$1000 insurance on the life of the late J. F. Murphy.

Mrs. T. J. Tyler left this afternoon for Deerwood where she will visit for a few days.

Mrs. A. T. Fisher and baby left this afternoon for Fargo where she will visit for a time.

Mrs. Chas. Vandersluis left for Walker this afternoon where she will make her home in the future.

C. W. Eastman has started the foundation for a large, modern residence on the lot west of his barn.

There will be a dance on Friday evening in Walker hall, to be given by the members of the Marine band.

Martin Linneman left for his home in St. Joe this afternoon after a pleasant visit in the city with relatives.

G. F. Clarke, one of the popular machinists at the shops, is passing the cigars among the boys today. It is a girl.

Mrs. T. E. Nitterauer left for St. Paul this afternoon where she will visit for a short time. Her sister, Mrs. Wold, returned with her.

Mrs. W. H. McKay and E. A. McKay returned today from their western trip. Ed. went as far west as Seattle but Mrs. McKay visited at Missoula for a time.

The Young People's society, of the Norwegian Lutheran church, will meet with Mrs. P. M. Zakariassen, corner of Oak and Ninth streets, this evening.

In the presence of a delegation from the newly organized Yocemen lodge, of the mill district, the Brainerd Homestead initiated two new members last night, Mrs. Werfret and Fred Boyd.

Mrs. E. B. McCullough left yesterday noon and Prof. Hartley and H. I. Cohen left last night for Valley City where they go as a committee from the library board to look over the library building in that city.

Dr. Graves, of Aitkin, passed through the city this afternoon en route to Utica, N. Y. with the remains of his mother, Mrs. E. P. Graves, who died a short time ago at Aitkin. The doctor was accompanied by Wallace Barker, of Aitkin.

Editor W. R. Hodges, Postmaster F. H. Buelow, Dr. F. P. James, J. M. Olson, Hans Mo and sons, Rolf and Elmer, of Sleepy Eye, and H. O. Holen, of Stillwater, arrived in the city this morning on their way to Whitefish lake where they will spend the coming week in fishing and out of door sports.

Judge Sanborn, of the probate court, has officiated in two nuptial events, the first being the marriage of Guy Graham, of Kansas City, Mo. and Miss Catherine Evans, of Crow Wing county. The other event was the marriage of Nicholas McGraw, of Becker county, and Dolly Riebhoff, of Crow Wing.

All friends of the First Congregational church and Sunday school are invited to join in the annual picnic which will be held at White Sand lake, four miles west of town, tomorrow. The children of the Sunday school will be taken out and returned free. Adults wishing to go in the conveyances provided will be charged 25 cents for the round trip. Teams will leave the church tomorrow morning (Thursday) at 8:30 a. m.

There will be a social hop in Walker hall this evening.

R. G. Vallentyne left for Pillager on business this noon.

Editor F. W. Wieland returned from Ohio this afternoon.

Frank A. Tyler left for Ashland this afternoon for a visit.

William Breddfield came down from the north this morning.

Landlord McGarry came down from the north this afternoon.

Mrs. Nelson, grand chief of the D. of H., left this afternoon for Aitkin.

J. W. Bailey, the merchant of Backus, was in the city today on business.

Sheriff Ole Erickson left for Aitkin this afternoon on official business.

Mrs. A. E. Losey and Miss Robinson will entertain on Friday afternoon.

Judge Holman, of Pequot, was in the city for a short time this noon on business.

Alex. Manderson leaves Thursday for a month's visit with friends at Toronto, Canada.

Mr. and Mrs. Ray Warren have returned from a pleasant outing at Pelican lake.

Dr. Jump, of the Northern Pacific Sanitarium, returned from the east this afternoon.

Miss Annie Schwartz left this afternoon for St. Paul where she will visit for a short time.

Mrs. W. E. Brockway returned from Pillager today where she has been visiting for a short time.

Will Koop returned this afternoon from St. Cloud where he has been visiting for a day or two.

Miss Gertrude Metcalf, of Grand Forks, arrived in the city this afternoon for a visit with relatives.

Supt. and Mrs. Vanderslice, and Miss Georgia Vanderslice, returned to their home in Duluth this afternoon.

Mrs. Mary W. Isham and Miss Edith Isham came up from Minneapolis this afternoon for a visit with Howard Isham.

Miss Cecile Rathvon, who has been visiting in the city with Miss Vivian Jordan, left this afternoon for her home in Deerwood.

Miss Mae A. McFadden returned this afternoon from an extended eastern trip. She visited Chicago and other eastern cities.

Mrs. J. A. Thabes will entertain Friday at an "at home" in honor of the Misses Wilson and Sheppard, who are visiting in the city.

Mr. and Mrs. D. M. Watson and Miss Bessie Britton, of Belvidere, Ill., are visiting in the city at the home of Mr. and Mrs. M. K. Swartz.

Mr. and Mrs. A. F. Ferris returned from the lake this morning, where they enjoyed an outing. Mr. Ferris left for Cass Lake this afternoon.

Last night the Misses Jessie and Mildred Swartz entertained a company of friends in honor of Miss Bessie Britton who is visiting in the city.

Miss McGutcheon, of Iowa, arrived in the city this afternoon to be a guest for some time of Miss Inez Jordan at her home on Third street north.

Mrs. C. H. Scott, of North Broadway, gave a very pleasant tea party yesterday afternoon in honor of Mrs. Harry Lyndon, of St. Paul, who is visiting in the city.

Miss Delia King and Mrs. Anderson, chief of honor of the Little Falls lodge, returned home this afternoon after attending the district convention in this city.

Mr. and Mrs. Lippincott, of Jackson, Ill., arrived in the city this afternoon and will be guests of Mr. and Mrs. R. K. Whiteley for a time. Mrs. Lippincott is a sister of Mrs. Whiteley.

A lawn fete was given yesterday afternoon by Mrs. W. A. M. Johnstone in honor of Mrs. G. G. Gates, of Chicago, and Mrs. James McColl, of St. Louis, who have been visiting in the city.

W. A. Lambert, representing the Duluth Cigar Co., is in the city today calling on the trade. Mr. Lambert played for a month or two on the Duluth team in the Northern league, and was one of the star fielders of the league.

New line of trunks and grips just received at D. M. Clark & Co. 491f

FORTUNE FOR AN ICWA C.R.L.

Colorado Bachelor Leaves Half a Million Dollars to Miss Sinks.

Marengo, Ia., Aug. 19.—Miss Eldora Sinks of this city has been notified that she has been bequeathed \$500,000 by H. J. Thompson of Colorado Springs. Thompson was a wealthy mine owner and a bachelor. Three years ago Miss Sinks, with a party of friends, visited Colorado, and there became acquainted with him.

He was attracted to the young girl because of her modesty, kindness of heart and unassuming manners. She spent the entire summer in the West and returned home supposing she would never again hear of her middle-aged admirer. Tuesday the notice of his death came, with the statement that he had willed his entire fortune to her, having no other heirs.

Injured in a Gas Explosion.

Macletta, O., Aug. 19.—A terrible explosion occurred Tuesday at Ran, W. Va. Two men were injured, Harry Castle, thirty-five years old, and Grover Allman, thirty-five years old. The men were employed by the United States Oil company.

BRAINERD MAY GET A NIGHT TRAIN

Report that Northern Pacific will Put on Through Train from St. Paul to Winnipeg.

COMING BY WAY OF BRAINERD

It is Expected that the New Train will Go Into Effect About September 1.

If the reports in circulation are true Brainerd will soon get another train from St. Paul, a night service, which will be one of the best moves from a Brainerd point of view that the railroad company has made for some time.

The report goes that the company will put on a through passenger train from St. Paul to Winnipeg, going by the way of Winnipeg Junction and Brainerd. It is expected that the new service will go into effect about September 1.

For Sale.

The East hotel and sample room. Business in East Brainerd. Call at the hotel.

SARTO AT VENICE.

Pope's Influence There Arose From Contact With the People.

Thousands of Venetian workmen while rejoicing in the triumph of Giuseppe Sarto in the conclave at Rome deeply regret that his genial presence and helpful ministry will be known in Venice no more, says the Chicago News. The great cathedral where Sarto presided is frequented by his shepherdless flock. The people assemble beneath the quintuple domes and kneel with bowed heads, anon lifting up their eyes to the pulpit whence their archbishop was wont to launch many stirring appeals to the conscience of Venice.

This scene is a forcible reminder of the character, methods and power of the new pope. He believed first of all in close human contact with his people and then in the efficacy of magnificent church decoration and striking ceremonial for the promotion of an elevated state of soul. He thoroughly enjoyed the splendor of the cathedral of St. Mark and witnessed with satisfaction how its spaciousness and beauty affected the worshippers. He was wont to organize special services involving dramatic elements.

On St. Mark's day, before 6 o'clock in the morning, the cathedral was always filled with an eager multitude. Large gondolas brought boat loads of workmen from the different parishes in the city to the landing steps on the Grand canal. Each parish formed a procession, with the parish priest at its head in his black cassock singing the litany. One procession followed another into the church and up to the chancel steps, where each in turn broke ranks. The impouring of these parochial processions continued until St. Mark's was packed almost entirely with workmen and their spiritual leaders.

Then Cardinal Sarto, gorgeously arrayed, mounted the pulpit and preached a sermon. His natural eloquence made doubly effective the inculcation of lofty ideals of private morality, patriotism and civic duty. His sermons were always punctuated with applause. Nobody could overlook the close sympathy between the preacher and the people. It is thought in Venice that such a leader will breathe a new spirit into the papacy which will revive the most remote disciples of the Catholic faith.

NEW KIND OF MONEY.

Novel Paper Will Make Bank Notes Flexible as Silk.

Treasury officials are much interested in experiments now in progress with a new kind of paper to be used in national currency, says the Washington correspondent of the Philadelphia Press. Mr. E. H. Fowler, chief draftsman of the coast and geodetic survey, and D. N. Hoover, chief printer of the bureau of engraving and printing, have invented a chemical treatment for paper that is said to render it soft and velvety and to make it absolutely nonshrinkable. If adopted the process will alter the character of paper money, and instead of the stiff, crisp, crackling bank note the paper currency will be soft to the touch. It is claimed that sixty days less time will be required to manufacture bank notes under this process than under the present method, a very important consideration when a supply of bank notes is required in a hurry.

Under the present process of printing paper money the paper has to be thoroughly soaked in water. While in that condition one side of the bill is printed. The sheet is then placed in a steam room and kept under a high temperature for thirty days. It is again soaked and the reverse side of the bill printed. Another thirty days' drying process is then required. Where a third impression on a bill is necessary, and that is required when printing is done in two colors, this wetting and drying process must be repeated and another month consumed in its production. The new process does away with the soaking of the paper in water. There is no shrinkage of the paper either, and that is regarded as a valuable improvement. There are a few details regarding the methods of applying the new preparation to paper yet to be worked out, but the treasury officials believe that it can be applied successfully, and it will not be expensive.

Mrs. T. E. Nitterauer left for St. Paul this afternoon where she will visit for a short time. Her sister, Mrs. Wold, returned with her.

Mrs. W. H. McKay and E. A. McKay returned today from their western trip. Ed. went as far west as Seattle but Mrs. McKay visited at Missoula for a time.

The Young People's society, of the Norwegian Lutheran church, will meet with Mrs. P. M. Zakariassen, corner of Oak and Ninth streets, this evening.

In the presence of a delegation from the newly organized Yoemen lodge, of the mill district, the Brainerd Homestead initiated two new members last night, Mrs. Werlfret and Fred Boyd.

Mrs. E. B. McCullough left yesterday noon and Prof. Hartley and H. I. Cohen left last night for Valley City where they go as a committee from the library board to look over the library building in that city.

Dr. Graves, of Aitkin, passed through the city this afternoon en route to Utica, N. Y. with the remains of his mother, Mrs. E. P. Graves, who died a short time ago at Aitkin. The doctor was accompanied by Wallace Barker, of Aitkin.

Editor W. R. Hodges, Postmaster F. H. Buelow, Dr. F. P. James, J. M. Olson, Hans Mo and sons, Rolf and Elmer, of Sleepy Eye, and H. O. Holen, of Stillwater, arrived in the city this morning on their way to Whitefish lake where they will spend the coming week in fishing and out of door sports.

Judge Sanborn, of the probate court, has officiated in two nuptial events, the first being the marriage of Guy Graham, of Kansas City, Mo. and Miss Catherine Evans, of Crow Wing county. The other event was the marriage of Nicholas McGraw, of Becker county, and Dolly Riebhoff, of Crow Wing.

All friends of the First Congregational church and Sunday school are invited to join in the annual picnic which will be held at White Sand lake, four miles west of town, tomorrow. The children of the Sunday school will be taken out and returned free. Adults wishing to go in the conveyances provided will be charged 25 cents for the round trip. Teams will leave the church tomorrow morning (Thursday) at 8:30 a. m.

There will be a social hop in Walker hall this evening.

R. G. Vallentyne left for Pillager on business this noon.

Editor F. W. Wieland returned from Ohio this afternoon.

Frank A. Tyler left for Ashland this afternoon for a visit.

William Bredfield came down from the north this morning.

Landlord McGarry came down from the north this afternoon.

Mrs. Nelson, grand chief of the D. of H., left this afternoon for Aitkin.

J. W. Bailey, the merchant of Backus, was in the city today on business.

Sheriff Ole Erickson left for Aitkin this afternoon on official business.

Mrs. A. E. Losey and Miss Robinson will entertain on Friday afternoon.

Judge Holman, of Pequot, was in the city for a short time this noon on business.

Alex Manderson leaves Thursday for a month's visit with friends at Toronto, Canada.

Mr. and Mrs. Ray Warren have returned from a pleasant outing at Pelican lake.

Dr. Jump, of the Northern Pacific Sanitarium, returned from the east this afternoon.

Miss Annie Schwartz left this afternoon for St. Paul where she will visit for a short time.

Mrs. W. E. Brockway returned from Pillager today where she has been visiting for a short time.

Will Koop returned this afternoon from St. Cloud where he has been visiting for a day or two.

Miss Gertrude Metcalf, of Grand Forks, arrived in the city this afternoon for a visit with relatives.

Supt. and Mrs. Vanderslice, and Miss Georgia Vanderslice, returned to their home in Duluth this afternoon.

Mrs. Mary W. Isham and Miss Edith Isham came up from Minneapolis this afternoon for a visit with Howard Isham.

Miss Cecile Rathvon, who has been visiting in the city with Miss Vivian Jordan, left this afternoon for her home in Deerwood.

Miss Mae A. McFadden returned this afternoon from an extended eastern trip. She visited Chicago and other eastern cities.

Mrs. J. A. Thabes will entertain Friday at an "at home" in honor of the Misses Wilson and Sheppard, who are visiting in the city.

Mr. and Mrs. D. M. Watson and Miss Bessie Britton, of Belvidere, Ill., are visiting in the city at the home of Mr. and Mrs. M. K. Swartz.

Mr. and Mrs. A. F. Ferris returned from the lake this morning, where they enjoyed an outing. Mr. Ferris left for Cass Lake this afternoon.

Last night the Misses Jessie and Mildred Swartz entertained a company of friends in honor of Miss Bessie Britton who is visiting in the city.

Miss McGutcheon, of Iowa, arrived in the city this afternoon to be a guest for some time of Miss Inez Jordan at her home on Third street north.

Mrs. C. H. Scott, of North Broadway, gave a very pleasant tea party yesterday afternoon in honor of Mrs. Harry Lyndon, of St. Paul, who is visiting in the city.

Miss Delia King and Mrs. Anderson, chief of honor of the Little Falls lodge, returned home this afternoon after attending the district convention in this city.

Mr. and Mrs. Lippincott, of Jackson, Ill., arrived in the city this afternoon and will be guests of Mr. and Mrs. R. K. Whiteley for a time. Mrs. Lippincott is a sister of Mrs. Whiteley.

A lawn fete was given yesterday afternoon by Mrs. W. A. M. Johnstone in honor of Mrs. G. G. Gates, of Chicago, and Mrs. James McCall, of St. Louis, who have been visiting in the city.

W. A. Lambert, representing the Duluth Cigar Co., is in the city today calling on the trade. Mr. Lambert played for a month or two on the Duluth team in the Northern league, and was one of the star fielders of the league.

New line of trunks and grips just received at D. M. Clark & Co. 49tf

FORTUNE FOR AN IOWA CRL.

Colorado Bachelor Leaves Half a Million Dollars to Miss Sinks.

Marengo, Ia., Aug. 19.—Miss Eldora Sinks of this city has been notified that she has been bequeathed \$500,000 by H. J. Thompson of Colorado Springs. Thompson was a wealthy mine owner and a bachelor. Three years ago Miss Sinks, with a party of friends, visited Colorado, and there became acquainted with him.

He was attracted to the young girl because of her modesty, kindness of heart and unassuming manners. She spent the entire summer in the West and returned home supposing she would never again hear of her middle aged admirer. Tuesday the notice of his death came, with the statement that he had willed his entire fortune to her, having no other heirs.

Injured in a Gas Explosion.

Macletta, O., Aug. 19.—A terrible explosion occurred Tuesday at Run, W. Va. Two men were fatally, Harry Castile, thirty-five years old, and Grover Allman, thirty-five years old. The men were employed by the United States Oil company.

BRAINERD MAY GET A NIGHT TRAIN

Report that Northern Pacific will Put on Through Train from St. Paul to Winnipeg.

COMING BY WAY OF BRAINERD

It is Expected that the New Train will Go Into Effect About September 1.

If the reports in circulation are true Brainerd will soon get another train from St. Paul, a night service, which will be one of the best moves from a Brainerd point of view that the railroad company has made for some time.

The report goes that the company will put on a through passenger train from St. Paul to Winnipeg, going by the way of Winnipeg Junction and Brainerd. It is expected that the new service will go into effect about September 1.

SARTO AT VENICE.

Pope's Influence There Arose From Contact With the People.

Thousands of Venetian workmen while rejoicing in the triumph of Giuseppe Sarto in the conclave at Rome deeply regret that his genial presence and helpful ministry will be known in Venice no more, says the Chicago News. The great cathedral where Sarto presided is frequented by his shepherdless flock. The people assemble beneath the quintuple domes and kneel with bowed heads, anon lifting up their eyes to the pulpit whence their archbishop was wont to launch many stirring appeals to the conscience of Venice.

This scene is a forcible reminder of the character, methods and power of the new pope. He believed first of all in close human contact with his people and then in the efficacy of magnificent church decoration and striking ceremonial for the promotion of an elevated state of soul. He thoroughly enjoyed the splendor of the cathedral of St. Mark and witnessed with satisfaction how its spaciousness and beauty affected the worshippers. He was wont to organize special services involving dramatic elements.

On St. Mark's day, before 6 o'clock in the morning, the cathedral was always filled with an eager multitude. Large gondolas brought boat loads of workmen from the different parishes in the city to the landing steps on the Grand canal. Each parish formed a procession, with the parish priest at its head in his black cassock singing the litany. One procession followed another into the church and up to the chancel steps, where each in turn broke ranks. The imporing of these parochial processions continued until St. Mark's was packed almost entirely with workmen and their spiritual leaders.

Then Cardinal Sarto, gorgeously arrayed, mounted the pulpit and preached a sermon. His natural eloquence made doubly effective the inculcation of lofty ideals of private morality, patriotism and civic duty. His sermons were always punctuated with applause. Nobody could overlook the close sympathy between the preacher and the people. It is thought in Venice that such a leader will breathe a new spirit into the papacy which will revive the most remote disciples of the Catholic faith.

NEW KIND OF MONEY.

Novel Paper Will Make Bank Notes Flexible as Silk.

Treasury officials are much interested in experiments now in progress with a new kind of paper to be used in national currency, says the Washington correspondent of the Philadelphia Press. Mr. E. H. Fowler, chief draftsman of the coast and geodetic survey, and D. N. Hoover, chief printer of the bureau of engraving and printing, have invented a chemical treatment for paper that is said to render it soft and velvety and to make it absolutely nonshrinkable. If adopted the process will alter the character of paper money, and instead of the stiff, crisp, crackling bank note the paper currency will be soft to the touch. It is claimed that sixty days less time will be required to manufacture bank notes under this process than under the present method, a very important consideration when a supply of bank notes is required in a hurry.

Under the present process of printing paper money the paper has to be thoroughly soaked in water. While in that condition one side of the bill is printed. The sheet is then placed in a steam room and kept under a high temperature for thirty days. It is again soaked and the reverse side of the bill printed. Another thirty days' drying process is then required. Where a third impression on a bill is necessary, and that is required when printing is done in two colors, this wetting and drying process must be repeated and another month consumed in its production. The new process does away with the soaking of the paper in water. There is no shrinkage of the paper either, and that is regarded as a valuable improvement. There are a few details regarding the methods of applying the new preparation to paper yet to be worked out, but the treasury officials believe that it can be applied successfully, and it will not be expensive.

THE PURPORT OF OBJECTION IS OUT

Secretary Bracken, of State Board
of Health, Passes tip out
Regarding Sewer

DANGEROUS TO OTHER CITIES

He Evidently Will Recommend a
Purifying System to Eradi-
cate This Trouble.

Dr. H. M. Bracken, secretary of the state board of health, in a communication to the city council a few days ago advised that body not to enter into contract for the proposed sewer in the Second ward; that the state board of health would not approve of the system, both from a local and general standpoint. He stated in this letter that he would write the council more fully, giving his reasons. This latter communication was expected at the last meeting of the council, but it never showed up, and the gentlemen were at a loss to know just what to think about the matter.

In a short news item in the Minneapolis Journal of last evening the purport of the objection to be made to the proposed sewer by the state board of health is given. The item goes on to state that Dr. Bracken had just returned from an important trip through the northern part of the state. At Brainerd he found that it was proposed to empty the sewerage into the Mississippi.

To this Dr. Bracken expressed himself as being opposed and declares that it would be dangerous to the cities below Brainerd who are using river water. He then goes on and states that for the same money a purifying system could be constructed which would make the sewerage harmless when it reaches the river.

All this, in view of the seance of Monday night when President Tighe very generously told the council that he would allow the city to run its sewer across his land if the system of the proposed sewer is approved by the state board of health, seems like a burlesque. It was generally known at the time that the state board would not approve of the system, but not a word was said regarding Dr. Bracken's letter when Mr. Tighe was being as good as could be by granting the city "a concession."

This means another long delay in the matter of sewerage in the Second ward and it may be that it will be impossible to finish the work this fall now.

When Dr. Bracken and an expert from the state university visited the city it was understood that they had given expressions approving the system as laid out, but it has now turned out that it was the expert who gave his opinion on the matter and not Dr. Bracken.

It seems that the state board will contend that the water in the river will be contaminated with the flow of the sewerage into the river at this point to such an extent that it will be dangerous to St. Cloud, Little Falls and other cities down the line. Some of the aldermen thought that this would be the objection raised to the sewer plan and expressed an opinion at the opening of the meeting on Monday that the state board had its nerve to shut Brainerd out, while all the other cities along the line are emptying their sewerage into the Mississippi.

TO BE HEARD AUG. 31.

Land Commissioner Richards Notifies those
Interested that Hearing in Land Of-
fic Matter Will be Heard Then.

A Washington dispatch states that Land Commissioner Richards yesterday set the date for hearing on the Cass Lake land office matter for Monday, Aug. 31. Telegrams were sent to Congressmen Buckman at Little Falls and Steenerson, of Crookston, to this effect.

In speaking of the forthcoming hearing, Commissioner Richards said: "This notice is in accordance with the president's letter to me which was received at this office during my recent absence. All parties which either side may produce will be heard on behalf of Bemidji or Cass Lake."

Harvard Gets Noted Collection.
Harvard university is to have the famous zoological collection of Baron de Beyer of Brussels through the kindness of Mr. Carnegie. It is rich in extinct birds.

MINE TIMBER SUPPLANTED.

Concrete Displacing an Old Element
of Danger Underground.

The mining industry in the anthracite region is advancing very rapidly from the crude to the most progressive stage, and the miners of forty years ago would have scoffed at the idea of putting into execution some of the modern methods that now predominate, says a special dispatch from Hazleton, Pa., to the Chicago Inter Ocean.

What miner, for instance, would have thought even ten or fifteen years ago that concrete would in the opening of the twentieth century supplant timber? Yet this is a fact, and concrete gives promise of becoming universal in its use, thus relieving to a great extent the apprehension of timber becoming exhausted.

Concrete is now being used at many of the operations in walling the sides of air ways and openings extending from the underground channels to the surface. When so used it makes a permanent job, lessens the operating expense and removes a bad feature of such openings—viz, the dripping of water that finds its way through the crevices of the earth. Many of these air shafts and manways are very objectionable because of the water that drops from the side, not only wetting the men, but injuring their health as well.

The using of concrete has been but recently introduced, and the new shafts and not a few of the older ones are now being lined with it, the work being done after the manner in which the abutments of concrete for modern railroads are constructed. Besides making a permanent job, it also imparts an element of absolute safety from caving in. The shafts are deeply lined, and mine operators are well pleased with the new method.

VALUE OF THE ZEBRULA.

Hybrid Animal's Future Chances
Compared With the Mule's.

Prophecy that the "zebrula" will in time supplant the mule of the army and the ordinary mule of commerce is made by United States Consul General Richard Guenther, at Frankfurt, Germany. He sends an official report to the state department on the future chances of the zebra, a cross between a horse and a zebra, and says:

"It has been demonstrated that the mule, the cross between horse and donkey, is inferior to the cross between horse and zebra. Formerly the opinion prevailed that the zebra was almost extinct. The opening up of Africa, particularly the eastern part, reveals these fine animals in large numbers.

"Compared with horses and cattle they possess peculiar advantages, as they are immune against the very dangerous horse diseases of Africa and also against the deadly tsetse fly. The zebra, on account of its form and general bodily condition, especially the hardness of the hoofs, is specially adapted for all the transport work heretofore performed by mules. The zebra is much livelier than the mule and at least as intelligent.

"In Germany much interest in this animal is manifested. The well known Hagenbeck is experimenting in this direction and intends to introduce the zebra into Germany and America. The zoological garden at Berlin possesses some very fine specimens. The zebra stripes are often well preserved. A full grown zebra is fourteen hands high and the girth circumference about sixty-three inches.

NEW RATION FOR SOLDIERS.

Ready Cooked "Roast Beef Hash"
For Use in the Philippines.

The war department has undertaken a new venture in the matter of a field ration, writes the Philadelphia Ledger's Washington correspondent.

The trial of a new ration called roast beef hash seems now likely to solve some of the problems of subsistence for men in the field. This is a canned beef that has been thoroughly cooked and mixed with chopped potatoes and onions. It will keep indefinitely and is said to be most appetizing. The men like it, and the first trial has proved so successful that a larger amount will be shipped.

It is packed in boxes and can be transported readily and served out to each mess quickly, supplying on occasion a complete meal ready cooked. On forced marches or in a country where a fire is not desirable it is a very convenient food. It is adapted to rapid marching, where it is impracticable to take along a supply train, pack animals being able to carry a considerable amount, and in case of necessity each man can put a day's supply in his haversack.

Fashion Show For Women.

A fashion show is to be held at the Madison Square Garden in New York from Aug. 31 to Sept. 14 with the announced purpose of setting the style for a year to come in everything pertaining to women's wear, says the New York Tribune. The exhibits will include Parisian and American made gowns. Women are to find in the Garden articles of attire ranging from a shoe to a hat pin. Costumes are to be exhibited on living models. A special hairdresser has been engaged to show the latest methods of dressing women's locks. There will be music, and other entertainment is being contemplated. Prizes will be given for the best made gowns, the judges having been selected from the various dry goods buyers all over the country. J. M. Geddings of Duluth, Minn., will be the chairman of the judges. Lectures will be delivered on subjects pertaining to fashion by prominent merchants.

New Coal Field.

Large deposits of coal are reported to have been found in western Ontario.

ANOTHER RUMOR OF A TRANSFER

Of the Minnesota & International
and its Rolling Stock to the
Northern Pacific.

THE DATE FIXED IS OCTOBER 1.

In this Event the General Offices
of the M. & I. Here will
be Abolished.

There is a rumor on the street today, and it can be taken for what it is worth by the readers of THE DISPATCH, that the Minnesota & International will be turned over to the Northern Pacific on October 1, and after that date the M. & I. will cease to be operated as an independent line, but will be merged into the Northern Pacific.

It is stated that the Northern Pacific has acquired the thirty per cent of the stock owned by Minneapolis parties, which has been standing in the way for some time.

General Manager Gemmell is in St. Paul at present and it is asserted that he is there consulting the officials of the Northern Pacific on the matter. In event the transfer is made the general offices of the M. & I. in this city will be abolished.

Telephone call 173—Call us up whenever you want anything in a hurry and see how soon we can get it to you.

McCarthy & Donahue.

CROW WING ITEMS.

E. L. Guin spent Monday in Little Falls.

Miss May Eastman spent Monday in this place.

Mrs. M. C. Benson visited in Brainerd for several days.

Miss Georgie Hutchions spent Sunday in Crow Wing.

The Misses Edith and Beatrice Heath are visiting at Mr. Guin's.

Miss Annie Anderson, of Brainerd, visited at Mr. Larson's over Sunday.

Mr. Hodge has moved into his house and Mr. Guin into the Hutchions house.

Mr. Guin will soon begin the erection of a warehouse and will buy grain and potatoes.

Mrs. J. W. Porter and Mrs. Guin attended the Degree of Honor convention on Tuesday in Brainerd.

Theodore Hart has killed two wolves in the past week and claimed the bounty. Let the good work go on!

Jno. Christolm, S. Swartout, Fred Ott and George Kerr are contemplating a trip to Dakota harvest fields.

Right or wrong repairs make or unmake a watch. We guarantee all repairs right. A. P. Raymond, Front St. jeweler. 59tf

A BANK INNOVATION.

BRANDER CITY CONCERN HAS A "STOCKING ROOM" FOR WOMEN CLIENTS.

A "stocking room" has been built and furnished in the National Bank of Commerce in Kansas City, says the New York World. It is called the "stocking room" because it is a place where a woman may go to be alone and out of sight while she takes from its secure hiding place the money she wishes to deposit.

The room is beautifully furnished, but the most interesting things in the room are three mahogany stools about twelve inches high, with a leather cushion at the top of each. These stools are not intended to be sat upon. There are chairs for that purpose. The stools are for women to put their feet upon while they are taking out their money. Next door to the "stocking room" is the women's main room, with desks and chairs, and beyond that is a waiting room finished in mahogany.

William H. Winants, vice president of the bank, took the reporter into the "stocking room" and showed him its beauties and mysteries.

"Not many men will ever see the inside of the room," said Mr. Winants. "It is sacred to the use of our women clients. A colored maid will always be in attendance in this suit of rooms, and no man may enter its portals during banking hours. I have seen the necessity of it ever since I have been in the banking business. It is a fact that half the women who come to this bank to deposit money carry it either in their stockings or in the bosom of their dress. I have often had women come to my desk and blushing inform me that they wished to deposit some money, but would have to go into retirement first in order to produce it.

"Why, I have seen women many times go into one of these corners, turn her back, peep all around and then stoop down and gently bring forth a roll of bills. We decided that if women would carry their money in such places we would make it easy for them to extract this or replace it, so we originated the 'stocking room.' I predict that it will soon be a feature of all banks that have private rooms for women clients."

The National Bank of Commerce is the first bank to have a "stocking room."

MUSIC AND DRAMA.

BEACH & BOWERS MINSTRELS TONIGHT.

Beach & Bower's minstrels under canvas. You will miss one of the opportunities of your life if you fail to see the peerless performance of Kyler, who rides a safety bicycle forward and backward at a furious speed on a single swinging wire, an act that for daring, rapidity and finish has no equal.

S. MILLER KENT.

An attraction that will cause the theatre-goers of this city pleasure to witness will be the appearance of Mr. S. Miller Kent, at the Brainerd theatre, Thursday, August 27th, in his new play entitled "Fighting Bob." Mr. Kent is not a new-comer to the west, as he will be remembered as having appeared for the past two seasons as Teddy North in "The Cowboy and the Lady." He brings with him an excellent company of players and the entire production to make his new venture a big success.

ST. JOSEPH'S NEW MACHINE.

An X-Ray and Static Machine, of Modern
Design, Added to Hospital's Al-
ready Elaborate Equipment.

A new and modern Birtman X-ray and static machine has been added to the already elaborate equipment at St. Joseph's hospital and the same will be greatly appreciated by the public as well as the profession who will have occasion to use it.

It is a sixteen-plate glass plate machine and is one of the best that is manufactured. It is located in the pharmacy room and will be used from now on in important cases.

HARD ON MOTHER.

Some Brainerd Mothers Know Well
How Hard it is.

A mother's cares are never light, and it's no wonder. Backache and other kidney ills increase her daily burden. There is one sure way to make the burden lighter. Let a Brainerd mother show you how.

Mr. Chris. Henson, of 185 Oak street, says: "My little boy aged about 6 years was afflicted with kidney weakness. Like all such cases it was very troublesome at night. I gave him Doan's Kidney Pills and he gave no further evidence of the trouble. For this reason I give this remedy my endorsement."

Sold for 50 cents, at H. P. Dunn & Co., and all druggists. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

D. M. Clark & Co. oldest and largest installment house in city. 49tf

CELEBRATE ANNIVERSARY.

Brainerd Lodge, B. P. O. E., Will Hold Appropriate Services on Anniversary of Organization.

Saturday will be the fourth anniversary of the organization of Brainerd Lodge, B. P. O. E., and the entertainment committee of the order is making arrangements for the proper celebration of the event.

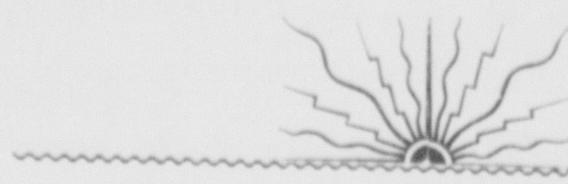

At first it was thought that the day would be made an elaborate one. It was intended to secure a ball team from No. 50, St. Paul, have a big parade in the afternoon and a social session and a banquet in the evening. But it has been thought in view of the fact that the death of J. F. Murphy was so near the date of the anniversary that it would not be appropriate.

There will therefore be nothing more than a social session in the lodge rooms in the evening. This will be followed by a banquet.

THE PURPORT OF OBJECTION IS OUT

Secretary Bracken, of State Board
of Health, Passes tip out
Regarding Sewer

DANGEROUS TO OTHER CITIES

He Evidently Will Recommend a
Purifying System to Eradi-
cate This Trouble.

Dr. H. M. Bracken, secretary of the state board of health, in a communication to the city council a few days ago advised that body not to enter into contract for the proposed sewer in the Second ward; that the state board of health would not approve of the system, both from a local and general standpoint. He stated in this letter that he would write the council more fully, giving his reasons. This latter communication was expected at the last meeting of the council, but it never showed up, and the gentlemen were at a loss to know just what to think about the matter.

In a short news item in the Minneapolis Journal of last evening the purport of the objection to be made to the proposed sewer by the state board of health is given. The item goes on to state that Dr. Bracken had just returned from an important trip through the northern part of the state. At Brainerd he found that it was proposed to empty the sewerage into the Mississippi.

To this Dr. Bracken expressed himself as being opposed and declares that it would be dangerous to the cities below Brainerd who are using river water. He then goes on and states that for the same money a purifying system could be constructed which would make the sewerage harmless when it reaches the river.

All this, in view of the seance of Monday night when President Tighe very generously told the council that he would allow the city to run its sewer across his land if the system of the proposed sewer is approved by the state board of health, seems like a burlesque. It was generally known at the time that the state board would not approve of the system, but not a word was said regarding Dr. Bracken's letter when Mr. Tighe was being as good as could be by granting the city "a concession."

This means another long delay in the matter of sewerage in the Second ward and it may be that it will be impossible to finish the work this fall now.

When Dr. Bracken and an expert from the state university visited the city it was understood that they had given expressions approving the system as laid out, but it has now turned out that it was the expert who gave his opinion on the matter and not Dr. Bracken.

It seems that the state board will contend that the water in the river will be contaminated with the flow of the sewerage into the river at this point to such an extent that it will be dangerous to St. Cloud, Little Falls and other cities down the line. Some of the aldermen thought that this would be the objection raised to the sewer plan and expressed an opinion at the opening of the meeting on Monday that the state board had its nerve to shut Brainerd out, while all the other cities along the line are emptying their sewerage into the Mississippi.

TO BE HEARD AUG. 31.

Land Commissioner Richards Notifies those
Interested that Hearing in Land Of-
fic Matter Will be Heard Then.

A Washington dispatch states that Land Commissioner Richards yesterday set the date for hearing on the Cass Lake land office matter for Monday, Aug. 31. Telegrams were sent to Congressmen Buckman at Little Falls and Steenerson, of Crookston, to this effect.

In speaking of the forthcoming hearing, Commissioner Richards said: "This notice is in accordance with the president's letter to me which was received at this office during my recent absence. All parties which either side may produce will be heard on behalf of Bemidji or Cass Lake."

Harvard Gets Noted Collection.

Harvard university is to have the famous zoological collection of Baron de Beyer of Brussels through the kindness of Mr. Carnegie. It is rich in extinct birds.

MINE TIMBER SUPPLANTED.

Concrete Displacing an Old Element
of Danger Underground.

The mining industry in the anthracite region is advancing very rapidly from the crude to the most progressive stage, and the miners of forty years ago would have scoffed at the idea of putting into execution some of the modern methods that now predominate, says a special dispatch from Hazleton, Pa., to the Chicago Inter Ocean. What miner, for instance, would have thought even ten or fifteen years ago that concrete would in the opening of the twentieth century supplant timber? Yet this is a fact, and concrete gives promise of becoming universal in its use, thus relieving to a great extent the apprehension of timber becoming exhausted.

Concrete is now being used at many of the operations in walling the sides of air ways and openings extending from the underground channels to the surface. When so used it makes a permanent job, lessens the operating expense and removes a bad feature of such openings—viz, the dripping of water that finds its way through the crevices of the earth. Many of these air shafts and manways are very objectionable because of the water that drops from the side, not only wetting the men, but injuring their health as well.

The using of concrete has been but recently introduced, and the new shafts and not a few of the older ones are now being lined with it, the work being done after the manner in which the abutments of concrete for modern railroads are constructed. Besides making a permanent job, it also imparts an element of absolute safety from caving in. The shafts are deeply lined, and mine operators are well pleased with the new method.

VALUE OF THE ZEBRULA.

Hybrid Animal's Future Chances
Compared With the Mule's.

Prophecy that the "zebrula" will in time supplant the mule of the army and the ordinary mule of commerce is made by United States Consul General Richard Guenther, at Frankfurt, Germany. He sends an official report to the state department on the future chances of the zebra, a cross between a horse and a zebra, and says:

"It has been demonstrated that the mule, the cross between horse and donkey, is inferior to the cross between horse and zebra. Formerly the opinion prevailed that the zebra was almost extinct. The opening up of Africa, particularly the eastern part, reveals these fine animals in large numbers. Compared with horses and cattle they possess peculiar advantages, as they are immune against the very dangerous horse diseases of Africa and also against the deadly tsetse fly. The zebra, on account of its form and general bodily condition, especially the hardness of the hoofs, is specially adapted for all the transport work heretofore performed by mules. The zebra is much livelier than the mule and at least as intelligent."

"In Germany much interest in this animal is manifested. The well known Hagenbeck is experimenting in this direction and intends to introduce the zebra into Germany and America. The zoological garden at Berlin possesses some very fine specimens. The zebra stripes are often well preserved. A full grown zebra is fourteen hands high and the girth circumference about sixty-three inches."

NEW RATION FOR SOLDIERS.

Ready Cooked "Roast Beef Hash"
For Use in the Philippines.

The war department has undertaken a new venture in the matter of a field ration, writes the Philadelphia Ledger's Washington correspondent.

The trial of a new ration called roast beef hash seems now likely to solve some of the problems of subsistence for men in the field. This is a canned beef that has been thoroughly cooked and mixed with chopped potatoes and onions. It will keep indefinitely and is said to be most appetizing. The men like it, and the first trial has proved so successful that a larger amount will be shipped.

It is packed in boxes and can be transported readily and served out to each mess quickly, supplying on occasion a complete meal ready cooked. On forced marches or in a country where a fire is not desirable it is a very convenient food. It is adapted to rapid marching, where it is impracticable to take along a supply train, pack animals being able to carry a considerable amount, and in case of necessity each man can put a day's supply in his haversack.

Fashion Show For Women.

A fashion show is to be held at the Madison Square Garden in New York from Aug. 31 to Sept. 14 with the announced purpose of setting the style for a year to come in everything pertaining to women's wear, says the New York Tribune. The exhibits will include Parisian and American made gowns. Women are to find in the Garden articles of attire ranging from a shoe to a hat pin. Costumes are to be exhibited on living models. A special hairdresser has been engaged to show the latest methods of dressing women's locks. There will be music, and other entertainment is being contemplated. Prizes will be given for the best made gowns, the judges having been selected from the various dry goods buyers all over the country. J. M. Geddings of Duluth, Minn., will be the chairman of the judges. Lectures will be delivered on subjects pertaining to fashion by prominent merchants.

New Coal Field.

Large deposits of coal are reported to have been found in western Ontario.

ANOTHER RUMOR OF A TRANSFER

Of the Minnesota & International
and its Rolling Stock to the
Northern Pacific.

THE DATE FIXED IS OCTOBER 1.

In this Event the General Offices
of the M. & I. Here will
be Abolished.

There is a rumor on the street today, and it can be taken for what it is worth by the readers of THE DISPATCH, that the Minnesota & International will be turned over to the Northern Pacific on October 1, and after that date the M. & I. will cease to be operated as an independent line, but will be merged into the Northern Pacific.

It is stated that the Northern Pacific has acquired the thirty per cent of the stock owned by Minneapolis parties, which has been standing in the way for some time.

General Manager Gemmell is in St. Paul at present and it is asserted that he is there consulting the officials of the Northern Pacific on the matter. In event the transfer is made the general offices of the M. & I. in this city will be abolished.

A BANK INNOVATION.

Kansas City Concerns a "Stocking Room" For Women Clients.

A "stocking room" has been built and furnished in the National Bank of Commerce in Kansas City, says the New York World. It is called the "stocking room" because it is a place where a woman may go to be alone and out of sight while she takes from its secure hiding place the money she wishes to deposit.

The room is beautifully furnished, but the most interesting things in the room are three mahogany stools about twelve inches high, with a leather cushion at the top of each. These stools are not intended to be sat upon. There are chairs for that purpose. The stools are for women to put their feet upon while they are taking out their money. Next door to the "stocking room" is the women's main room, with desks and chairs, and beyond that is a waiting room finished in mahogany.

William H. Winants, vice president of the bank, took the reporter into the "stocking room" and showed him its beauties and mysteries.

"Not many men will ever see the inside of the room," said Mr. Winants. "It is sacred to the use of our women clients. A colored maid will always be in attendance in this suite of rooms, and no man may enter its portals during banking hours. I have seen the necessity of it ever since I have been in the banking business. It is a fact that half the women who come to this bank to deposit money carry it either in their stockings or in the bosom of their dress. I have often had women come to my desk and blushing inform me that they wished to deposit some money, but would have to go into retirement first in order to produce it."

"Why, I have seen women many times go into one of these corners, turn her back, peep all around and then stoop down and gently bring forth a roll of bills. We decided that if women would carry their money in such places we would make it easy for them to extract this or replace it, so we originated the 'stocking room.' I predict that it will soon be a feature of all banks that have private rooms for women clients."

The National Bank of Commerce is the first bank to have a "stocking room."

MUSIC AND DRAMA.

BEACH & BOWERS MINSTRELS TONIGHT.

Beach & Bower's minstrels under canvas. You will miss one of the opportunities of your life if you fail to see the peerless performance of Kyler, who rides a safety bicycle forward and backward at a furious speed on a single swinging wire, an act that for daring, rapidity and finish has no equal.

S. MILLER KENT.

An attraction that will cause the theatre-goers of this city pleasure to witness will be the appearance of Mr. S. Miller Kent, at the Brainerd theatre, Thursday, August 27th, in his new play entitled "Fighting Bob." Mr. Kent is not a new-comer to the west, as he will be remembered as having appeared for the past two seasons as Teddy North in "The Cowboy and the Lady." He brings with him an excellent company of players and the entire production to make his new venture a big success.

ST. JOSEPH'S NEW MACHINE.

An X-Ray and Static Machine, of Modern
Design. Added to Hospital's Al-
ready Elaborate Equipment.

A new and modern Birtman X-ray and static machine has been added to the already elaborate equipment at St. Joseph's hospital and the same will be greatly appreciated by the public as well as the profession who will have occasion to use it.

It is a sixteen-plate machine and is one of the best that is manufactured. It is located in the pharmacy room and will be used from now on in important cases.

CELEBRATE ANNIVERSARY.

Brainerd Lodge, B. P. O. E., Will Hold Appropriate Services on Anniversary of Organization.

Saturday will be the fourth anniversary of the organization of Brainerd Lodge, B. P. O. E., and the entertainment committee of the order is making arrangements for the proper celebration of the event.

At first it was thought that the day would be made an elaborate one. It was intended to secure a ball team from No. 59, St. Paul, have a big parade in the afternoon and a social session and a banquet in the evening. But it has been thought in view of the fact that the death of J. F. Murphy was so near the date of the anniversary that it would not be appropriate.

There will therefore be nothing more than a social session in the lodge rooms in the evening. This will be followed by a banquet.

For Sale.

If taken quick, one of the best business lots in the city at a bargain. 66tf

KIDNAP A WHITE GIRL

PARTY OF EIGHT NEGROES KILLS
ONE OF THE POSSE THAT
RESCUED HER.

BLOODY FIGHT ANTICIPATED

**BLACKS ARE FORTIFIED ON AN
ISLAND AND POSSES WILL
ATTACK THEM.**

Fort Smith, Ark., Aug. 19.—The kidnaping of a young white girl and the killing of one of a posse that tried to rescue her are the crimes charged against a party of eight negroes who are now fortified on Bruce's Island, sixteen miles west of this city. It is feared their capture will lead to a bloody encounter. The negroes are said to be well armed.

A few days ago two farmers, living near Wilson's Rock, landed on Bruce's Island in search of plums and accidentally ran into a camp in which there were two negro men and a white girl about twelve years old. They made some inquiries about the girl and the negroes said she was the daughter of a white man who was traveling with them and who had gone to Fort Smith for provisions. The negroes would not let the girl take part in the conversation and this aroused suspicion. A watch was kept on the negroes for two days, but no white man appeared. Monday afternoon a party of farmers decided to investigate the case, and as they neared the island were fired on by the negroes, and one of the party, Roland by name, was killed. A sharp fight was kept up for some time, during which the girl escaped from the negroes and ran to the white men. She was so excited that she could not give any intelligent account of herself. She said, however, that her father was not traveling with the negroes, but that she had been stolen from her home near Fort Gibson, I. T. She has been taken to Muldrew.

Roland, the dead man, was a comparative stranger at Wilson's Rock. Bruce's Island is in the center of the Arkansas river, contains about twenty-five acres and is densely covered with timber and thick underbrush. Poses of citizens have left for the scene of the trouble from Fort Smith, Eniro, Muldrew and Fort Gibson. There is much excitement around the island. One or two of the negroes are known to be desperate characters.

GASOLINE TANK EXPLODES.

Scores of Girls Injured in the Panic Following the Accident.

Boston, Aug. 19.—The explosion of a tank of gasoline in the basement of a six-story block occupied by several manufacturing concerns on Wormwood street, South Boston, Tuesday, caused a fire in which scores of employees received injuries. The monetary loss is \$150,000, covered by insurance.

Immediately following the explosion a dense volume of smoke enveloped the building, and 250 girls on the sixth floor stampeded for the stairways, the only exits, and screaming and fighting, made their way to the ground.

In the struggle, many fell and were trampled upon. It was at first believed that loss of life had resulted, but a search of the ruins at night has not resulted in any evidence of fatalities.

MILES A POSSIBILITY.

Massachusetts Democrats May Nominate Him for Governor.

Boston, Aug. 19.—The Globe, a Democratic newspaper, says that General Nelson A. Miles, who is a native of this state, has been suggested by some of the politicians in the party as a possible nominee for governor of Massachusetts in the Democratic ticket. Should he be chosen governor, it is claimed he would be a logical candidate for the presidency. The Globe adds that Miles' friends say he would accept the nomination for governor.

FOREST FIRES RAGING.

Pine and Cedar Being Destroyed in Washington.

Spokane, Wash., Aug. 19.—A great forest fire is raging near Elm, about twenty-five miles north of this city. It is said that 1,000 acres in a belt of white pine and cedar have been burned over already, and unless rain falls the loss will be very heavy. A hundred men have been fighting the fire since Sunday night, but they are powerless to control it. It is estimated that from 12,000,000 to 15,000,000 feet of lumber have been destroyed. Some ranches are also in danger.

ONLY SLIGHTLY INJURED.

Seven Tourists Have a Marvellous Escape on Mont Blanc.

Chamouix, France, Aug. 19.—The seven tourists who were reported Monday to have been killed while climbing the Augies Gris of Mont Blanc, had, it appears, a miraculous escape. They were seen to fall in a crevasse and it was taken as a certainty that they were dead, but Tuesday an exploring party discovered the tourists, who were only slightly injured by their fall.

Kidnapper Is Caught.

Davenport, Ia., Aug. 19.—August Lueth, a farmhand who confessed that he kidnapped Mrs. John Telsow of Bennett, and held her in the cellar of a deserted house while awaiting a ransom of \$50,000 from her husband, was captured Tuesday and taken to jail at once to prevent violence.

Cloudburst Wrecks a Stamp Mill.

Tucson, Ariz., Aug. 19.—A cloudburst at Cerro Prieto, Sonora, Sunday, wrecked the stamp mill of the principal gold mine at that place, and floods carried away tailings valued at \$40,000. No lives have been lost so far as reports.

MUTINY ON A BRITISH BARK.

Captain Badly Injured and Five of the Crew in Jail.

Halifax, N. S., Aug. 19.—As the result of mutiny aboard the British bark Egeria at Hantsport Tuesday, Captain Langille is in the hospital at Halifax badly injured, and five of the crew are in jail at Windsor.

The Egeria is undergoing repairs at Windsor, where the five Spanish sailors went ashore and became intoxicated. Returning to the ship in an ugly mood, they refused to obey orders and set upon the captain, whom they cut and beat into insensibility. The sailors were later apprehended.

VERDICT SET ASIDE.

Oregon Judge Holds the Jury's Award to Be Excessive.

Portland, Ore., Aug. 19.—In the United States court Tuesday, Judge Bellinger set aside the verdict of \$22,500 awarded by a jury recently in the breach of promise suit of Miss Birdie N. McCarthy, a schoolteacher of Wayne, Mich., against James Heryford, a banker and wealthy cattleman of Lake county, Ore. Miss McCarthy sued for \$70,000. Judge Bellinger said the verdict was so excessive as to imply that the jury acted under the influence of passion or prejudice.

MAKE A GOOD HAUL.

Burglars Obtain Four Thousand Dollars in Cash and Diamonds.

Chicago, Aug. 19.—The home of Mr. R. Respass, owner of the race horse Dick Welles, in Harlem, was entered Tuesday by burglars who secured \$4,000 in cash and diamonds. The loss was equally divided between Mr. Respass and Jockey Dominick, who lives with Respass.

KIDNAP A WHITE GIRL

PARTY OF EIGHT NEGROES KILLS
ONE OF THE POSSE THAT
RESCUED HER.

BLOODY FIGHT ANTICIPATED

BLACKS ARE FORTIFIED ON AN
ISLAND AND POSSES WILL
ATTACK THEM.

Fort Smith, Ark., Aug. 19.—The kid-
napping of a young white girl and the
killing of one of a posse that tried to
rescue her are the crimes charged
against a party of eight negroes who
are now fortified on Bruce's Island,
sixteen miles west of this city. It is
feared their capture will lead to a
bloody encounter. The negroes are
said to be well armed.

A few days ago two farmers, living
near Wilson's Rock, landed on Bruce's
Island in search of plums and accident-
ally ran into a camp in which there
were two negro men and a white girl
about twelve years old. They made
some inquiries about the girl and the
negroes said she was the daughter of
a white man who was traveling with
them and who had gone to Fort Smith
for provisions. The negroes would
not let the girl take part in the con-
versation and this aroused suspicion.
A watch was kept on the negroes for
two days, but no white man appeared.
Monday afternoon a party of farmers
decided to investigate the case, and as
they neared the island were fired on
by the negroes, and one of the party,
Roland by name, was killed. A sharp
fight was kept up for some time, dur-
ing which the girl escaped from the
negroes and ran to the white men.
She was so excited that she could not
give any intelligent account of her-
self. She said, however, that her father
was not traveling with the ne-
groes, but that she had been stolen
from her home near Fort Gibson, I.
T. She had been taken to Muldrew.

Roland, the dead man, was a com-
parative stranger at Wilson's Rock.

Bruce's Island is in the center of
the Arkansas river, contains about
twenty-five acres and is densely cov-
ered with timber and thick under-
brush.

Poses of citizens have left for the
scene of the trouble from Fort Smith,
Eniro, Muldrew and Fort Gibson.
There is much excitement around the
island. One or two of the negroes are
known to be desperate characters.

GASOLINE TANK EXPLODES.

Scores of Girls Injured in the Panic
Following the Accident.

Boston, Aug. 19.—The explosion of
a tank of gasoline in the basement of
a six-story block occupied by several
manufacturing concerns on Wormwood
street, South Boston, Tuesday, caused
a fire in which scores of employees re-
ceived injuries. The monetary loss is
\$150,000, covered by insurance.

Immediately following the explosion
a dense volume of smoke enveloped
the building, and 250 girls on the sixth
floor stampeded for the stairways, the
only exits, and screaming and fighting
made their way to the ground.

In the struggle, many fell and were
trampled upon. It was at first be-
lieved that loss of life had resulted, but
a search of the ruins at night has not
resulted in any evidence of fatalities.

MILES A POSSIBILITY.

Massachusetts Democrats May Nom-
inate Him for Governor.

Boston, Aug. 19.—The Globe, a
Democratic newspaper, says that Gen-
eral Nelson A. Miles, who is a native
of this state, has been suggested by
some of the politicians in the party as
a possible nominee for governor of
Massachusetts on the Democratic
ticket. Should he be chosen governor,
it is claimed he would be a logical
candidate for the presidency. The
Globe adds that Miles' friends say he
would accept the nomination for gov-
ernor.

FOREST FIRES RAGING.

Pine and Cedar Being Destroyed in
Washington.

Spokane, Wash., Aug. 19.—A great
forest fire is raging near Elm, about
twenty-five miles north of this city.
It is said that 1,000 acres in a belt of
white pine and cedar have been burn-
ed over already, and unless rain falls
the loss will be very heavy. A hun-
dred men have been fighting the fire
since Sunday night, but they are pow-
erless to control it. It is estimated
that from 12,000,000 to 15,000,000 feet
of lumber have been destroyed. Some
ranches are also in danger.

ONLY SLIGHTLY INJURED.

Seven Tousists Have a Mariculous Es-
cape on Mont Blanc.

Chamourix, France, Aug. 19.—The
seven tourists who were reported Mon-
day to have been killed while climb-
ing the Angles Cris of Mont Blanc,
had, it appears, a miraculous escape.
They were seen to fall in a crevasse
and it was taken as a certainty that
they were dead, but Tuesday an ex-
ploring party discovered the tourists,
who were only slightly injured by
their fall.

Kidnapper Is Caught.

Davenport, Ia., Aug. 19.—August
Lueh, a farmhand who confessed that
he kidnapped Mrs. John Telsow of
Bennett, and held her in the cellar of
a deserted house while awaiting a ran-
som of \$50,000 from her husband, was
captured Tuesday and taken to jail at
once to prevent violence.

Cloudburst Wrecks a Stamp Mill.

Tucson, Ariz., Aug. 19.—A cloudburst
at Cerro Prieto, Sonora, Sunday,
wrecked the stamp mill of the prin-
cipal gold mine at that place, and
flooding carried away tailings valued at
\$40,000. No lives have been lost so
far as reports.

MUTINY ON A BRITISH BARK.

Captain Badly Injured and Five of the
Crew in Jail.

Halifax, N. S., Aug. 19.—As the re-
sult of mutiny aboard the British bark
Egeria at Hantsport Tuesday, Captain
Langille is in the hospital at Halifax
badly injured, and five of the crew are
in jail at Windsor.

The Egeria is undergoing repairs at
Windsor, where the five Spanish sail-
ors went ashore and became intoxicated.
Returning to the ship in an ugly
mood, they refused to obey orders and
set upon the captain, whom they cut
and beat into insensibility. The sail-
ors were later apprehended.

VERDICT SET ASIDE.

Oregon Judge Holds the Jury's Award
to Be Excessive.

Portland, Ore., Aug. 19.—In the United
States court Tuesday, Judge Bellinger
set aside the verdict of \$22,500
awarded by a jury recently in the
breach of promise suit of Miss Birdie
N. McCarthy, a schoolteacher of
Wayne, Mich., against James Heryford,
a banker and wealthy cattleman of
Lake county, Ore. Miss McCarthy
sued for \$70,000. Judge Bellinger said
the verdict was so excessive as to im-
ply that the jury acted under the in-
fluence of passion or prejudice.

MAKE A GOOD HAUL.

Burglars Obtain Four Thousand Dol-
lars in Cash and Diamonds.

Chicago, Aug. 19.—The home of Mr.
R. Respass, owner of the race horse
Dick Welles, in Harlem, was entered
Tuesday by burglars who secured
\$4,000 in cash and diamonds. The loss
was equally divided between Mr.
Respass and Joseph Dominick, who
lives with Respass.

TELEGRAPHIC BREVITIES.

Pedro Alvarado, multi-millionaire
mining man, is dead at Parral, Mex.

Three cases of bubonic plague have
made their appearance at the town of
Bagio, Mex.

Six thousand people attended the
Bible conference at Winona Lake,
Ind., Tuesday.

The National Building Trades Coun-
cil of America has decided to meet at
St. Louis City, Ia., next year.

Mrs. Marie Annie Wawor of St. Paul
was accidentally crushed to death be-
neath the wheels of a coal wagon Tues-
day.

It is rumored that Tammany will
support Grover Cleveland for the
presidential nomination at the next
convention.

Murat Halstad denies the published
statement that he has been chosen
dean of the School of Journalists en-
dowed by Joseph Pulitzer.

The middle district German Luth-
eran synod closed its session at Cleve-
land Tuesday. Next year's session
will be held in Minneapolis.

Henry Watterson says a Democrat
will be the next president of the United
States. He believes the Demo-
cratic nominee will be Gorman, Parker
or Gray.

About 500 members of the Society
of American Florists and Ornamental
Horticulturists attended the opening
session of the nineteenth annual meet-
ing and exhibition in Milwaukee.

John Norland and Gus Olson of
Minneapolis were arrested yesterday
for torturing a cow to death with hot
clinders and firebrands. The boys were
desirous of emulating a Delaware mob.
